Reset

- Promotion suite code : It represents the promotion suite, and cannot be duplicated. It will be displayed on invoice.
- Promotion suite name : Brief description of the promotion suite that will be displayed on invoice.
- Shop : Shop where the promotion suite is available for sale.
- Promotion suite description : Detailed description of the promotion suite that will not be displayed on invoice.
- Division : Only for classification and analysis purpose. Division can be setup at Master>Division.

-  Price : It includes list price, item discount and net price. List price can be input by user, discount percentage / fixed amount discount and net price will be calculated automatically by system. The three values will be displayed on invoice and authorised user can make appropriate amendments.
-  Period : Time range that promotion suite is available for sale.
-  Promotion code : For analysis purpose. Promotion code can be setup at Master>Promotion code>New.
-  Status : The promotion suite is default as active. Active promotion suite can be sellable. If promotion suite is ticked as inactive, inactive promotion suite will be not sellable.
-  Include item : Can input item code directly or use <Search> button.
-  Alternative item : After inputting include items, alternative items can be set if necessary. Press pink <A> button to input item code directly or use <Search> button, and the system will immediately update the list. Alternative item can be chosen when issuing invoice for members. Promotion suite detail will be updated immediately.
-  Item quantity : Input item quantity and item amount will be updated accordingly.
-  Item price : It includes list price, unit price, gross, discount and amount.
- List price is the default list price of item.
 - Unit price can be input by user.
 - Gross is calculated automatically using item quantity and unit price.
 - An amount deduction or a percentage discount are accepted for discount.
 - Amount can be inputted by user or calculated by system.
 - Press <Amt> to calculate the item amount on a pro-rata basis according to item and promotion suite list price.
 - The list price of promotion suite must be same as the total amount of include items.
-  Analysis code : For analysis purpose. Analysis code can be setup at Master>General settings>Analysis.
-  Item expiry date : When selling the promotion suite, item's expiry date will be calculated automatically by system and displayed on invoice. Authorised user can make appropriate amendments.
-  Delete include item : Press the pink cross on the right.
